### *Annnnd it's over*

As we slowly transition from Summer to Fall, we are reminded that time passes far too quickly. Our little ones are heading back to school, the weather is gradually dropping and the sun is setting a little bit earlier day after day.

Speaking of time, stop waiting to upgrade your equipment, stop waiting to get forklift certified, and stop waiting for your equipment to get worst. Today is the day! Call for Sales, Training or Service to ensure that you, your employees and your equipment have what they need to be at their best!

He will teach you how to safely operate a forklift with a mix of theory and practical training. He will invest time in your learning to ensure you are confident in your ability. Doug's classes are filled with information and inquiry is always welcome; but be warned...he is known to drop the occasional dad joke.

## Giving is not just about making a donation, it's about making a difference.

"A huge thank you to Lift Line for supporting the All Hands on Deck Food Drive today! Lift Line employees collected food and cash donations and dropped them off today to support the food drive for The Hope Centre.

Thanks to Hustle & Heart Niagara's New Country 89.1 and Giant FM radio for organizing this food drive at the No Frills stores across Niagara in support of local food banks!"
